7. **COMMITTEE REPORTS**

7.1 **Policy**- Ms. Ingham said the committee met tonight, report will be at the next meeting.

7.2 **EISA**- Ms. Mahoney reported the following:

The Excellence in Student Achievement Committee met on October 20, 2021. In attendance: myself, Mr. Fitzpatrick, Ms. Dutton, Mr. Ambrose, Dr. Haynes, Ms. Desrochers, Ms. Leavitt, Ms. Donnell, Mr. Stack, Mr. Krzyzanowski, Mr. Malila, Mr. McCluskey and Dr. Kennett.

Dr. Haynes provided an update to the implementation of the new K-6 Envision Math Curriculum which includes significant efforts to fill gaps from the previous curriculum. The search for a new 7-12 math curriculum is underway with a January target to begin piloting. Dr. Haynes reported that the NEASC district-wide accreditation work is progressing and a steering committee will begin meeting.

Mr. Ambrose reported that the Strategic Plan is also progressing and a draft will be circulated for feedback from staff, community, and Board Members. He stressed that there will be ample opportunity for input before the final version is presented.
Dr. Haynes presented about the Administration’s efforts to translate the current competency grades with respect to the Board's goal to move to a numeric grading system that translates to a letter grade in Alma and on report cards, which was one of Board goals that we adopted. Alma has functionality to support this and Dr. Haynes presented a report card template, which summarizes subject grades on an A-F letter grade scale and also provides the competency grades for each subject.

Ms. Dutton believes that providing students with a better understanding of their grades will give them a clearer pathway and motivation to improve.

Mr. Fitzpatrick stressed the importance of being able to quantify the final grade and believes it should promote better engagement with parents.

The high school administration reported on changes under consideration for next year to the schedule and program of studies with the transition to a six period day to expand class time for core classes like math and ELA, that is English Language Arts. They are reviewing options and feedback and we will have more to report at a future meeting.

I asked how band and choir will be scheduled. Mr. Stack stressed his commitment to those programs and he is reviewing scheduling options. Those are near and dear to many of us I am sure.

Our next meeting is two weeks from today on November 18, 2021 at 4:30 PM.

Before that, they held a bonfire and Welding made two large fire pits from an old Pressure Tank that Dan Doyle donated. During football, Katie Meuse scored a touchdown at the senior game and it was posted on WMUR. Our Life Skills Program has a new Greenhouse that is up and running and the students are learning to manage it and grow crops. Last Sunday, we had Trick or Treat Canning where we went to all three towns and asked for canned goods instead of candy. We received a good amount, which we donated to the food pantries. November 19th is a statewide Student Council at Pinkerton. We have most of our Student Council going (there is a limit on the number of people due to COVID) but most are going. November 12th is *Kindness Matters* so we are going to have it be a jeans day for all teachers to raise a good amount of money for the TV program that gives
scholarships to seniors. Sports awards was last night (the end of the fall season) and it went smoothly and meant a lot to be back in the building and have sports awards like normal. Drama has a play coming up in few weeks. They are doing Clue. Last Thursday, the Math team had their first match and placed 3rd as a team.

Questions submitted will be answered at the 11-18-21 Joint meeting with the Budget Committee. Budget Committee members agreed to submit questions by 11-8-21.

Discussion ensued on sharing of questions/answers at the meeting vs before.

**Chair McCarthy asked for a Motion to adjourn the Budget Committee meeting, moved by Ms. Collyer and seconded by Ms. Cyr.**

**Roll Call Vote**: All in Favor

10.2 **Academic Intervention**: Superintendent Ambrose gave an update on the number of SRSD Interventionists: 2 at Bakie (one each for math and reading), 1 at Memorial for math and reading remediation, 1 at the Middle School for math and reading. However, there are 10 paraprofessional positions open and not filled: 4 at Bakie, 3 Memorial and 3 at the Middle School. Superintendent Ambrose is recommending to the Board that we combine paraprofessional positions to hire teachers due to the significant COVID learning loss. Some money to pay for positions would come from ESSER grant funds and those positions would not be permanent and go away when the money does but would get us the help we need now.

**Mr. Broderick made a Motion to approve proceeding with hiring teachers using budgeted funds and some grant money at Memorial and the Middle School, seconded by Ms. Mahoney.**

Discussion ensued.

**Vote**: All in Favor

Superintendent Ambrose added that more plans for use of the ESSER funds will be forthcoming.
11. **OLD BUSINESS**

11.1.1- Policy **DAF**-Administration of Federal Grants
11.1.2- Policy **BBB**-School Board Elections
11.1.3- Policy **BBBC**- Board Member Resignations

11.1.5- Policy **BEDG**-Minutes
11.1.6- Policy **EEAEA**-Mandatory Drug and Alcohol Testing
11.1.7- Policy **GBCD**-Background Investigation & Criminal Backgrounds Check
11.1.8- Policy **IHCD-LEB**-Advanced Course work/Advanced Placement
11.1.9 Policy **IMBC**-Alternative Credit Options

**Mr. Baker made a Motion to approve the policies all together, seconded by Ms. Ingham.**

Discussion ensued on Policy DAF relative to bids.

**Mr. Baker amended the Motion approve all policies except Policy DAF, which needs more work per discussion, seconded by Ms. Ingham.**

**Vote:** All in Favor

11.2 **NEWTON RESOURCE OFFICER** - Superintendent Ambrose reported that the Newton Resource Officer Positon was approved at the Newton Selectmen’s meeting and we have an agreement with Newton to utilize funds that have been made available to us by renting the old Middle School to the Seacoast Learning Collaborative (SLC). With the position at 100%, the town of Newton will pay 20%, the SLC pays 40% and we pay 40% because what we really needed was a school year position so that is what we negotiated.

Superintendent Ambroze asked for a Motion to approve the Newton Resource Officer position, moved by Ms. Mahoney and seconded by Ms. Bashaw.

**Vote:** All in favor
12. **2ND PUBLIC COMMENT**

Cheryl Gannon (Kingston)-Regarding using the funds for Interventionists, last week at the Budget Committee, we talked with Mr. Angell about the concern for making sure we are not using money from federal grants to supplant money that was for positions in our own budget. I just want to make sure this plan is passing muster and we don’t kind of get caught using the funds improperly.

Annie Collyer (Newton)-I attended the Board of Selectmen’s meeting last night because I am involved in the Master Plan and I listened to their proposed budget, which it sounds like is going to go up by 10% so the Board need to be aware of that in your planning for this Resource Officer. Obviously, the numbers are not final but that 20% might not be available. Also, as the Board is looking at the ESSER money, I hope that you will because of the social-emotional needs of the kids and their families due to COVID. I think the 30% depression rate is probably a lot higher and it is something I raised at the Selectmen’s meeting in Newton as a concern of how we use ESSER money community-wide. Because the needs are so intense right now, without creating a permanent, ongoing, forever position that for the next couple of years, we really look at possibly adding ESSER money to the SAC type of resource for families in the community.
