ACCOUNTABILITY

Statement of Purpose

This policy defines the expectations of the Sanborn Regional School Board to establish an accountability system.

Statement of Policy

The Sanborn Regional School Board directs the Superintendent to establish an accountability system in order to collect data needed for evaluation of the district's compliance with state and federal laws on school accountability.

The Superintendent will ensure that the district's statistical reports are filed in a timely manner with the New Hampshire Department of Education.

Results from ongoing district assessments will be used to promptly adjust and inform classroom instruction and/or grade-wide areas in need of improvement. The intent with the local assessment is to provide useful information to effect instruction so students' instructional needs may be met in an early, timely manner.
