A Message from Administration:

Sanborn Regional High School Student Dress Code

Acceptable headwear that does not cover face

All clothing must be free of images and language that are inappropriate, hateful, promote illegal substances, weapons, or violence

Undergarments should NOT be visible

The entire area from armpit to mid-thigh should be covered (Any see-through materials and rips should NOT be in this area)

Certain activities, events, and courses may require a variation of the dress code.

See policy JICA/JICA-R or page 17 of the student handbook for more information

Upper body garments must have straps

Personal grooming should not take place in the classroom or hallways; this includes spraying fragrances. Personal grooming in the restroom should be limited.

As the weather begins to get warmer and we tackle the last quarter of the year, administration would like to extend a friendly reminder about the school dress code. Please see the image below and reference the school policies in the [student handbook](#) for student expectations on how to properly dress for school. The entire area from armpit to mid-thigh should be covered; any see-through materials and rips should NOT be in this area. Undergarments should not be visible. Please help us maintain an environment conducive to learning and help our students prepare for the next chapter in their lives whether it be the workforce, military, college, or wherever else their ambitions take them by practicing discipline in dressing for school so they are dressed for success and ready to take on the world!

Students violating the dress code will receive a warning and be asked to change. If a change of clothes cannot be brought, the incident will be documented in disciplinary records and a second violation will result in further disciplinary action. Parents and guardians will not be called regarding dress code violations but will receive an email by the end of the school day the violation occurred.

Responses to dress code violations are restorative. Students are given an opportunity to self-correct or get parental support when they are not following the dress code.

For students who repeatedly violate the dress code and/or refuse to comply with the dress code, the disciplinary team will apply the appropriate Sanborn code of conduct and restorative consequence(s).

NH SAS Testing Coming in May - Per State law, all NH schools are required to assess students using a standardized assessment. SRHS will be conducting the NH Statewide Assessment System (SAS) for science this spring. NH SAS testing will occur in the following areas on these dates: Science (grade 11 only) on May 10th (3 hours). For more information about the assessment, including: purpose, exemptions, results, practice tests, and more, please [click here](#).
